Membership eligibility

Membership is open to associations and individual companies having legal personality. All PET stakeholders are therefore welcome and eligible for membership, including those without legal entities in the EU, EFTA, or UK, who will be classified as **Adherent Members**. These members are involved in the following activities:

- The manufacture of PTA or ancillary chemicals used to make PET
- The manufacture of PET
- The commercial manufacturing and sale of PET articles from virgin and recycled PET
- The supply of ancillary chemicals used in the manufacture of PET Articles
- The commercial manufacture and sale of solid and liquid foodstuffs filled in PET packaging in Europe, provided that a significant volume of their products are sold in PET containers
- The commercial reclaims of post-consumer PET containers in Europe, the product of which is sold as flakes or pellets
- The sales of equipment used in the value chain from PET manufacture to production of recycle
- Other activities with prevailing interest in PET

Membership will have to be approved by the Board of Directors. The Board will act on each application for membership within ninety days following receipt of the application.
